

# Coyote Awareness

**Coyotes live in our community and sometimes see small pets as a food source; please follow important safety tips:**

**-Always keep small dogs & cats inside or in the close presence of an adult**

**-Always walk your pet on a leash**

**-Bring a walking stick or umbrella with you to defend against an approaching coyote**

**-Feed your pet indoors**

**-Eliminate potential food & water sources, such as fallen fruit & standing water, from your yard. Call city volunteers to harvest fruit for free and donate it by calling (626) 359-5671 ext. 316**

**-Keep yard free from potential shelter, such as thick brush & weeds**

**-Keep your pet's rabies vaccination up-to-date**

**To report aggressive coyote behaviors, please call (626) 357-7938 M-TH 7:30 AM - 6 PM Friday & Saturday, 7:30 AM to 4 PM, or call Temple Station Dispatch at (626) 285-7171 if an incident happens during a holiday or after hours**
